

## TigerTMS iLink Now Available on Oracle Cloud Marketplace

### Customers can use leading iLink interface solution to connect to hundreds of hotel systems for a near-seamless guest experience

Ringwood, UK, June 14, 2024 – TigerTMS, a leading developer of applications and middleware solutions for the global Hospitality market and a member of Oracle PartnerNetwork (OPN), today announced iLink, a leading middleware solution, is available on [Oracle Cloud Marketplace](#) and can be integrated with OPERA Cloud via the Oracle Hospitality Integration Platform (OHIP). The Oracle Cloud Marketplace is a centralised repository of enterprise applications offered by Oracle and Oracle partners.

[iLink](#) enables increased operational efficiencies and enhancements to the guest experience. An easy-to-use dashboard will show at a glance the status of all customer integrations between Oracle and hotel systems to provide live and real-time insight into the status of interface connections, flagged as red, amber or green.

Whether customers are looking to integrate to a TV system, a guest services' solution, telephony, voicemail, WiFi or one of the other leading hotel systems TigerTMS interfaces to, using iLink as an integration tool provides scalability to help reduce overall costs and improve operational productivity to several business areas.

Oracle Cloud Marketplace is a one-stop shop for Oracle customers seeking trusted business applications and services offering unique solutions, including those that extend Oracle Fusion Cloud Applications.

“We’re delighted to meet the demands of more and more hoteliers asking for cloud-based integrations.,” said Adrian Seymour, Managing Director, TigerTMS. “TigerTMS’s participation in Oracle Cloud Marketplace further extends our commitment to the Oracle community and enables customers to easily reap the benefits of iLink.”
