PRESS RELEASE

FOR RELEASE: 15th January 2024

TigerTMS Announces iLink certification with Leading PMS provider Cloudbeds

Cloudbeds customers can use one interface solution to connect to hundreds of hotel systems for a seamless guest experience

Ringwood, January 15th, 2024 – TigerTMS, the leading developer of applications and middleware solutions for the global Hospitality market is pleased to announce iLink, the leading middleware solution, is certified with Cloudbeds. Cloudbeds hospitality Platform is the award-winning, cloud-based solution designed to streamline operations, grow revenue faster and deliver memorable guest experiences for lodging businesses of all sizes and types across the globe.

With this integration, hotel and lodging businesses can experience a wider level of interface options in a cloud environment, to provide increased efficiencies across the property. Working with lodging businesses is an obvious extension for TigerTMS who has a major footprint in supplying well established solutions to the hotel industry.

TigerTMS' iLink middleware solution interfaces between the cloud-native platform and services such as:

- Telephony
- WiFi
- TV systems
- Housekeeping
- Maintenance
- Wake Up
- Conference
- Minibar
- BYOD
- Guest Services
- Emergency Notification
- Room control
- Voicemail
- Butler
- And more…

Adrian Seymour, MD TigerTMS, comments: "We're delighted to have certification following the development of a new interface to Cloudbeds' specification. This adds to our long list of integrations that enable hoteliers and lodges to have a wider choice of integration applications to provide the best possible service to their guests."
